You’re invited to join a campus conversation about three people from three generations whose lives were critically affected by bullying. One survived “ex-gay therapy” and family rejection to pursue a career in LGBTQ activism. One tragically died by suicide after being cyberbullied, capturing the attention of the nation and inspiring the anti-bullying movement. And one is part of a new generation of youth expressing their sexual orientation and gender identity at a time when bullying is perpetrated from within our nation’s highest elected office. Join University of Arizona alumnus Jason Cianciotto (B.A. Political Science, 2001; MPA, 2003), Executive Director of the Tyler Clementi Foundation, for this unique conversation about bullying.

Founded by Jane and Joe Clementi after the death of their son Tyler, the mission of the foundation is to end online and offline bullying in schools, workplaces, and faith communities by creating a nation of Upstanders committed to preventing bullying from Day1.

Prior to his tenure at the foundation, Jason served as Research Director of the National LGBTQ Task Force, Executive Director of Wingspan, Director of Public Affairs and Policy at Gay Men’s Health Crisis (GMHC), and Vice President of Policy, Advocacy, and Communications at Harlem United. Jason is co-author, with Dr. Sean Cahill, of the book LGBT Youth in America’s Schools.

Our Academic Skills Tutors (ASTs) are here to work with you individually on topics ranging from managing time effectively to adapting your study strategies to meeting the level of rigor required in college. Online courses require students to approach classes differently than in-person courses. If you are finding your online class confusing or challenging, an AST can provide guidance on how to navigate online course from figuring out deadlines to effective study strategies for exams when there are no lectures.
