Good Afternoon,

This year, progress is on the line in Arizona. That’s why the Human Rights Campaign is rolling out our largest and most proactive grassroots mobilization effort EVER.

I’ve just started as HRC’s State Manager in Arizona to focus on pushing pro-LGBTQ candidates and legislation throughout the state as part of our HRC Rising campaign.

And I want YOU to come work with us!

HRC is looking for field organizers to join our team in Arizona and help head-up our region-by-region fight for equality. Is that you?

As a Regional Organizing Lead, you’re the face of HRC to your entire region in Arizona. You’ll recruit members, organize volunteers and advocate for issues that will directly affect your community.

Working closely with me, you’ll be placed at the forefront of change as the eyes, ears and voice of HRC in Arizona. It’s a big job and one that is crucial to succeeding locally and as a country.

We know you care deeply about securing equality for all -- and having you with us in 2017 was a crucial part of our successes. We need the best for this next effort, so I’m turning to you.

If you think you have what it takes to go all-in on equality in 2018, apply now to join our team. Our fight is just beginning. Will you stand with us?

Best,

Justin Unga

Academic Skills Tutoring

You know that the THINK TANK has tutors for subjects like math and writing, but did you know that we also have tutors to help with study skills? Our Academic Skills Tutors (ASTs) are here to work with you individually on topics ranging from managing time effectively to adapting your study strategies to meeting the level of rigor required in college. Online courses require students to approach classes differently than in-person courses. If you are finding your online class confusing or challenging, an AST can provide guidance on how to navigate online course from figuring out deadlines to effective study strategies for exams when there are no lectures.

Academic Skills Tutors are also available by appointment at this link: http://thinktank.arizona.edu/academic-skills-tutoring-workshop-request. Interested in Academic Skills instruction for a group? You can request a workshop for your club, class, or organization.

The Writing Center
To help you meet your goals, the Writing Center has three types of sessions. You don’t have to have finished your paper or have even started writing! You can come with just the assignment sheet, your notes or ideas, or a draft – and you can always come with questions for our certified peer tutors. Fifteen minute drop-in and 30-minute appointment sessions are free. One-hour individual appointment sessions are fee based.

Math Tutoring
The THINK TANK offers math tutoring support by certified peer tutors, and lots of it. Whether it’s College Algebra, Calculus I, Calculus II, or Business Math, the THINK TANK offers lots of ways to get math assistance. We can help you with MATH 100-129.

Math Drop-In Tutoring
Drop-in math tutoring is available during various hours at all locations. Grab your textbook, laptop or assignment and head to one of our locations. Bring your CatCard to sign in with the Desk Assistant, then look for your subject on the table signs and have a seat. You'll be seated with other students studying the same material and a tutor will check in with you to see how they can help! Drop-In Math tutoring is FREE.
